DISPUTE RESOLUTION

# UAE AND INTERNATIONAL LITIGATION

---

*Court litigation is a strictly regulated market in the UAE, open only to local Arab Advocates. This restricts most international commercial counsel from conducting litigation in the UAE. Choosing the right litigation team will require selecting the best Advocacy Firm for your dispute.*

## **BRIDGING THE GAP**

Al Jallaf is an Advocacy Firm licensed to appear before all levels of UAE Federal and Dubai Courts. With a vision to be the UAE's premier commercial disputes boutique, Al Jallaf seeks to offer an innovative, flexible and First Class service that *Bridges the Gap* between UAE and international legal services.

Whether on a standalone basis or working alongside your preferred international counsel, our internationally qualified and bilingual team can receive and discuss instructions efficiently in English and Arabic, devise a clear litigation strategy, and provide bespoke advice. Firmly established in the UAE, we are able to offer effective strategic advice grounded in our practical experience in dealing with public institutions.

## **ARBITRATION**

*Dubai has fast become the arbitration hub of the Middle East. Meeting this challenge, the UAE has developed an arbitration friendly court system to support the growth of alternative dispute resolution in the region, and offer greater certainty in the arbitral process.*
