AL JALLAF ADVOCATES

Ihab Arja
Senior Lawyer /
Aviation Expert

ihab.arja@aljallaflegal.com

Ihab is an expert in the aviation sector. He has been engaged in commercial and regulatory law practice for more than 15 years, with a focus on aviation. He has an extensive experience in high profile litigation, aircraft financing and leasing, aviation regulation, aircraft accident investigations and policy & business aviation issues. During his career, he has been actively involved in a full range of legal issues arising in the aviation industry, including drafting aviation legislation, participating in major Privatization and Public-Private Partnership projects, delivering regulatory consultations & proceedings, handling general aviation and commercial issues including sale, purchase and lease of aircraft transactions, aircraft & air navigation services' insurance and reinsurance, and other environment, security & safety issues.

Ihab addressed numerous conferences on aviation law and aircraft financing & leasing in the Middle East, Europe and Canada, and published on a variety of issues, including commercial aviation developments, environmental regulation impacting the aviation sector and the Cape Town Convention and its Aircraft Protocol. He is a member of ICAO's Commission of Experts of the Supervisory Authority of the International Registry (CESAIR) for the purposes of the Cape Town Convention (CTC) and the Aircraft Protocol.
